

FAMILY IN DISTRESS, INC.

RJT FOUNDATION, INC.

And...Sisterhood of Survivorship

“Supporting Families in Their Time of Need”

Family In Distress, Inc. (FID), RJT Foundation, Inc., and Sisterhood of Survivorship are Non-Profit organizations that assist families. We work within our communities in helping families that have met with life challenges. This year, we have joined together our efforts in supporting those children who were either victims of violence or economic disparity. In this regard, we understand that many of these victims are murdered as a result of Gun Violence or Domestic abuse. In most cases, these victims leave behind children under the age of 18 years old.

Given these caveat, both of our organizations act as advocates in helping families to understand that their community loves them. This holiday season FID and RJT will conduct a toy drive on December 15th. We are asking the community and business owners to please donate an unwrapped toy for a child from age 4 months – 13 or a gift card for a child from age 14-17. These gifts will be delivered to dependent children or siblings under the age of 18. It is never easy for anyone to loose a loved one to violence, and so, it is important that we as a community make their lives easier.

We want them to know that there are citizens in their community who care. Help us make a difference, donate today. For more information about the organizations, please feel free to visit our websites at www.familyindistress.org or www.rjtfoundation.com, or call us as indicated below.

Furthermore, we request that all unwrapped toys are placed in a big single box. You may then call either Cheryl white (Family In Distress – 954- 557-7439) or Denise (RJT Foundation, Inc. – 305- 460-2223) to schedule a pick-up. God bless and thank you!

Sincerely,
Family In Distress/RJT Foundation, Inc.
